Messages

Every day in Nursery children brush their teeth. Here are some tips for brushing teeth at home:

- Brush at least twice daily for about 2 minutes with fluoride toothpaste.
- Brush last thing at night before bed and at least on 1 other occasion.
- Parents or carers should brush the teeth.
- Use children's fluoride toothpaste containing no less than 1,000ppm of fluoride (check label) unless a dentist advises family toothpaste containing between 1,350ppm and 1,500ppm fluoride.
- Use only a pea-sized amount of toothpaste.

Songs, Rhymes and Poems

Click on the picture below to listen to the Nursery Rhymes.

You can sing them with your child and make up actions together.

Spit out after brushing and don't rinse – if you rinse, the fluoride won't work as well.
